Storyboard

<https://github.com/orgs/CMPUT301F22T29/projects/1>

2.User Interface Mockups and Storyboard Sequences:

The tool used for User Interface mockup was figma(Figma is a web-based graphics editing and user interface design app. You can use it to do all kinds of graphic design work from wireframing websites, designing mobile app interfaces, prototyping designs, crafting social media posts, and everything in between.)

The version control shows the usage of all us members.
